

Comparison of Boger's repertory with Therapeutic Pocket book

Dr Sanil Kumar

Boenninghausen's Characteristics and Repertory has got its own advantages over other repertories. It is well explained, well arranged, follows a definite plan and construction and is based on a sound philosophy. Adequate acquaintance with the repertory with the repertory is needed to put it to maximum use.

Boger has given greater importance to causation, time- dimensions, modalities and generals (pathological, physical and mental). It is obvious that Boger has given importance to causation, modalities, concomitants, general sensations and pathology. Location is given the last place in the order of hierarchy.

While compiling the repertory, Boger followed the basic plan and construction of Boenninghausen's Repertory of Antipsoric Medicines, which could overcome many difficulties faced in using Therapeutic pocket book.

The repertory embraces the psoric and the anti-psoric repertories, the sides of body, the repertory part of the intermittent fever and of whooping cough as well as a large number of paragraphs from the aphorisms of Hippocrates.

CHAPTER COMPARISON WITH BTPB

BOGERS REPERTORY	BTPB
MIND	MIND INTELLECT
SENSORIUM	
VERTIGO	INCLUDED IN INELLECT
HEAD—INTERNAL ---EXTERNAL	INTERNAL HEAD EXTERNAL HEAD
EYES—EYE BROWS --ORBITS --EYE LIDS --CANTHI --VISION	EYES VISION
EARS-HEARING	EARS HEARING

NOSE—SMELL	NOSE SMELL
CORYZA	
FACE—LIPS --LOWER JAW AND MAXILLARY JOINTS --CHIN	FACE LOCATIONS OF SENSATIONS
TEETH—GUMS	TEETH
MOUTH—PALATE --THROAT AND GULLET --SALIVA --TONGUE	MOUTH THROAT MOUTH AND FAUCES
APPETITE	HUNGER AND THIRST
THIRST	
TASTE	TASTE
ERUCTATION	ERUCTATIONS
WATER BRASH AND HEARTBURN	
HICCOUGH	
NAUSEA AND VOMING	NAUSEA AND VOMITING
STOMACH	
EPIGASTRIUM	
HYPOCHONDRIA	HYPOCHONDRIA
ABDOMEN	ABDOMEN INTERNAL ABDOMEN ABDOMINAL RINGS
EXTERNAL ABDOMEN	EXTERNAL ABDOMEN
INGUINAL AND PUBIC REGION	

FLATULENCE	FLATULENCE
STOOL—CONCOMITANTS BEFORE STOOL -- CONCOMITANTS DURING STOOL --CONCOMITANTS AFTER STOOL	STOOL
ANUS AND RECTUM	
PERINEUM	
PROSTATE GLAND	
URINE—SEDIMENT --MICTURITION --BEFORE URINATION --DURING URINATION --AT CLOSE OF URINATION --AFTER URINATION --CONDITIONS OF URINATION	URINE MICTURITION
URINARY ORGANS—KIDNEYS --URETERS --BLADDER ---URETHRA meatus	URINARY ORGANS
GENITALIA—MALE ORGANS --PENIS --GLANS --PREPUCE --SPERMATIC	SEXUAL ORGANS

<p style="text-align: center;">CORD</p> <p style="text-align: center;">--TESTIS</p> <p style="text-align: center;">--SCROTUM</p> <p style="text-align: center;">--FEMALE ORGANS</p>	
SEXUAL IMPULSE	
<p>MENSTRUATION—CONCOMITANTS</p> <p style="text-align: center;">BEFORE MENSES</p> <p style="text-align: center;">-- CONCOMITANTS</p> <p style="text-align: center;">AT START OF MENSES</p> <p style="text-align: center;">--CONCOMITANTS</p> <p style="text-align: center;">DURING MENSES</p> <p style="text-align: center;">--CONCOMITANTS</p> <p style="text-align: center;">AFTER MENSES</p> <p style="text-align: center;">--LEUCORRHOEA</p>	<p>MENSTRUATION</p> <p>LEUCORRHOEA</p>
RESPIRATION—IMPEDED BY	RESPIRATION
<p>COUGH—EXCITED OR</p> <p style="text-align: center;">AGGRAVATED BY</p> <p style="text-align: center;">--EXPECTORATION</p> <p style="text-align: center;">--EXPECTORATION,TASTE OF</p> <p style="text-align: center;">--EXPECTORATION,ODOUR OF</p>	COUGH
LARYNX AND TRACHEA	AIR PASSAGES
VOICE AND SPEECH	
<p>NECK AND EXTERNAL THROAT</p> <p style="text-align: center;">--NAPE</p>	<p>EXTERNAL THROAT AND NECK</p> <p>NECK AND NAPE OF NECK</p>
<p>CHEST—INNER</p> <p style="text-align: center;">--EXTERNAL</p> <p style="text-align: center;">--AXILLAE</p>	CHEST

--MAMMAE --NIPPLES --HEART AND REGION OF	
BACK—SCAPULAR REGION --BACK PROPER(DORSAL REGION) --LUMBAR REGION-SMALL OF BACK IN GENERAL --SACRUM AND COCCYX --SPINAL COLUMN AND VERTEBRAE	BACK
UPPER EXTRIMITIES	UPPER EXTRIMITIES
LOWER EXTRIMITIES	LOWER EXTRIMITIES
SENSATIONS AND COMPLAINTS IN GENERAL	SENSATIONS
GLANDS	GLANDS
BONES	BONES
SKIN AND EXTERIOR BODY	SKIN
SLEEP—POSITIONS DURING SLEEP --WAKING	SLEEP—POSITION IN SLEEP
DREAMS	DREAMS
FEVER—PATHOLOGICAL TYPES
